In the previous year the membership has grown significantly with five new members including three young BPW with the clubs activities playing an important role in attracting new membership.

To celebrate International Women's Day we hosted a movie night with movie "Suffragette" which was a sell-out success. We raised \$1000 which provided two trade scholarships to Kaitaia College students.

Eight club members attended the National Conference and APRM at Auckland in April.

We also hosted a "Meet the Candidates Night" for the local body elections in October where we encouraged our community to support our female candidates.

The "One in 4 Campaign" grew spectacularly this year. We conducted another eight presentations, attended meetings to address the gaps in sexual abuse service's in town with the local MP Kelvin Davis, met government officials, spoke out in the newspaper and radio and participated in the MASSive 7 hiko.

Our President Ciaran Torrington won the AMP Dynamic Scholarship for her leadership of the campaign.

It has been an exciting year and the club looks with anticipation for the following year.
