Upper Hutt BPW started the year by distributing 22 stationery packs to schools in Upper Hutt whose principals had identified families in desperate need of help. This was followed by a \$1,000 scholarship awarded to Tara Quinney, Head of Religious Education at St Bernard's College in Lower Hutt toward completing her Masters in Religious Education. We have increased our numbers by four members during this year and have several more to be inducted before the end of this year. We lost one member who has moved to Auckland. A large contingent of members attended the Asia Pacific Conference in Auckland this year and we co-hosted the Regional Conference in Lower Hutt in August with Wellington BPW. Several fundraisers were held during the year to support our school stationery project and scholarship project.
